## **1. Introduction**

- 1.1 Hirose Financial MY Ltd. is authorised and regulated in Labuan, Malaysia by the Labuan Financial Services Authority (“FSA”). Our FSA reference number is MB/15/0006. This Agreement constitutes a contract between you (referred to as “you” or the “Client”) and Hirose Financial MY Ltd. (referred to as “Hirose”, “we”, “us”, “our”), whose registered office is at Level 2, Lot 19, Lazenda Commercial Centre, Phase 3, 87007 F.T. Labuan, Malaysia. (registered company number LL11365).
- 1.2 These terms and conditions and the Application Form, together with all the documents referred to in them (including and without limitation) the Market Information, Risk Warning Notice, Execution Policy, Conflicts of Interest Policy, Privacy Policy, Marketing Communication Disclaimer and Website Terms and Conditions) comprise the agreement that governs your relationship with us (the “Agreement”). By completing and signing the Application Form or by ticking the relevant “I agree” box online you acknowledge that you have read, understood and agree to be legally bound by the Agreement.
- 1.3 These Business Terms and Conditions (and the documents referred to in them) may be revised from time to time by us (in accordance with clause 33 (*Amendments and Specifications*)) upon notice to you in writing, which may include displaying them on our Website.
- 1.4 We are required by the FSA Rules to act honestly, fairly and professionally in accordance with your best interests. The FSA Rules will prevail over this Agreement if there is any conflict with them.
- 1.5 We reserve the right to modify, suspend or discontinue, temporarily or permanently, all or any services, though if we do so we shall endeavour to give you reasonable notice where it is practical to do so; this may include instruments, Margin requirements and price spreads. You agree that we will not be liable to you or to any third party for any modification, suspension or discontinuance of our services.
- 1.6 The Agreement comes into effect on the date we notify you or first accept a trade from you, and shall supersede any previous agreement between us on the same subject matter. Any references to your Account in this Agreement refer solely to the Account in respect of trades undertaken pursuant to this Agreement and do not apply to any other accounts you may hold with Hirose.

## **2. Definitions**

- 2.1 Words with capital letters have particular meanings and if they are not defined elsewhere in these terms and conditions, their definitions can be found under clause 42 (*Definitions*).
- 2.2 In addition, any reference to trading or a trade means any transaction entered into by you on the terms of this Agreement.

## **3. Significant Information**

- 3.1 There is some important information we would like to draw your attention to:
- Hirose enters into all trading transactions with you on a principal to principal basis (meaning that Hirose will not be entering into trades as your agent) unless otherwise agreed with you. You acknowledge that you will also enter into this Agreement, including all trades contemplated by this Agreement, as principal and not as agent for any other person and that we will treat you as our Client for the purposes thereof.

- The trading services provided by or on behalf of Hirose MY are for margined foreign exchange transactions (“FX”) on an execution-only basis including Binary transactions. Accordingly, you acknowledge that any information provided by us should not be taken to constitute advice to you on the merits or suitability of you entering into any particular trade. Further, Hirose does not advise on the merits or suitability of particular transactions or their tax consequences. If you are unsure about whether trading with Hirose is suitable for you, you should seek independent advice prior to entering into this Agreement or any trade.
- Make sure you are fully aware of the nature of the business and understand the risks involved. In particular, please take note of how to open or close a position, how to place an order and how orders function, how to calculate your profit and loss, how to calculate initial Margin requirements, and the circumstances under which we can close your open positions. All of this information is set out on our Website.
- You must check and be aware of your open positions at all times.
- We have the right to close your open positions in certain situations. If you wish to keep positions open, you may have to make payments to us at short notice.
- All transactions made under this Agreement are legally enforceable; this means that we can take legal action to recover money that you owe us.
- You are responsible for your own tax situation; you must obtain your own tax advice and be aware that your dealings may be subject to tax (for example due to your personal circumstances, current or new legislation or practice or because of the way you deal or the jurisdiction in which you are subject to taxation). Tax treatment depends on the individual circumstances of each Client and may be subject to change in future. You should seek your own advice regarding taxation matters.
- It is not our responsibility to advise you of any changes in laws or market practices unless we are obliged to do so by law or regulation.
- When trading in margined foreign exchange products, you are placing trades on the movement of the price in a bespoke product that may or may not reflect the price in the underlying currency, security, asset or index. At no stage are you acquiring the underlying currency, security or asset.

#### **4. Risk Warning Notice**

- 4.1 Trading involves a high degree of risk and it is not suitable for everyone. Any losses may be unlimited. No funds on account or other amounts you have paid us (such as initial Margin) will limit your potential losses. Even if you only place a small deposit to commence trading with us, the leverage that is attainable with this type of trading may potentially result in large losses or large gains. Any profit or loss arising from the transactions is entirely for your account and risk.
- 4.2 Hirose provides a warning notice for its Clients listing the key risks involved in trading with us (the “Risk Warning”) which is available on our Website. You are strongly advised to read the Risk Warning in its entirety prior to opening an Account or placing any trades with us.

## **5. Execution Policy**

5.1 All orders and trades you enter into on our Trading Platform will be generally executed in accordance with the terms of our execution policy (the "Execution Policy" as may be amended from time to time). Our Execution Policy is available on our Website.

5.2 Your consent and acceptance of the Execution Policy is assumed if you place a trade with us. In particular, by placing a trade with us, you will be deemed to be providing your consent to your order being executed outside of a regulated market or MTF.

## **6. Conflicts of Interest Policy**

6.1 Hirose maintains a policy on managing and avoiding conflicts of interest (the "Conflicts of Interest Policy") which is available on our Website.

## **7. Privacy Policy**

7.1 Hirose maintains a policy regarding how we use the information we collect about you, how you can instruct us if you prefer to limit the use of that information and procedures that we have in place to safeguard your privacy (the "Privacy Policy"). A copy of the Privacy Policy is available on our Website.

## **8. Market Information**

8.1 Hirose's schedule of fees, costs and associated charges applicable to our trades (the "Market Information" as may be amended from time to time) is available on our Website. You should review the Market Information before entering into this Agreement or any trade.

## **9. Your Account**

9.1 To open an Account, you must complete our Application Form.

9.2 If we accept your application to open an Account, we shall open an Account for you. We reserve the right to reject your application to open an Account at our sole discretion, including where we think that trading under this Agreement is not appropriate for you.

9.3 The Account requires a sufficient Cash Balance to cover the initial Margin requirement requested by us when you place an open trade.

9.4 You acknowledge that no application to open an Account will be accepted unless we have completed our anti-money laundering checks on you to our satisfaction. You further acknowledge that we, in our sole discretion reserve the right to request further information and/or documentation as we deem appropriate at any time during the course of this Agreement to satisfy our continuing anti-money laundering obligations.

## **10. Login ID, Usernames, Account Numbers and Passwords**

10.1 If we accept your application, we shall supply you with a unique Login ID (username and account numbers if applicable) and temporary password, which will enable you to access the Trading Platform and the Binary platform.

10.2 For security purposes you will be required to set your own password when you first log-in to the Trading Platform.

10.3 Whenever you wish to trade with us, you will be required to provide your Login ID (username) and password (access code) as a proof of your identity to access the Trading Platform.

10.4 You are responsible for maintaining the confidentiality of your Login ID (username and account number) and password. It is important to keep these details secret and separate from each other.

10.5 If you are aware or become suspicious that another party has gained access to your Login ID (username and account number) or password and/or is dealing on your Account, it is your responsibility to notify us immediately by Live Chat, email or both (see clause 34 (*Communications*) for details of how to communicate with us).

## **11. Agent**

11.1 If you require an Agent to be authorised to operate your Account, you must inform us in writing. We shall require the appropriate documentation (Power of Attorney) to be completed and proof of the Agent's identity before that party may operate the Account on your behalf. We may refuse your application to appoint an Agent.

11.2 If you appoint an Agent, you agree that you (and not the agent) will still be treated as our Client for all purposes.

11.3 You will be responsible for everything completed or omitted by your Agent.

11.4 We have no duty to monitor trades, orders or other acts or omissions of your Agent. However, if you have appointed an Agent and we have reasonable concerns that he or she may not be acting with, or within the scope of, your authority, we may require you to confirm the appointment within 3 (three) Business Days of our request. If you do not do so, we shall be entitled to treat the appointment as terminated and refuse to accept instructions from that Agent.

## **12. Prices**

12.1 When you trade, you will be trading on the current prices quoted by us. They are:

- our bid price (the lower price) at which you can open a short position ("Down Trade");
- our ask price (the higher price) at which you can open a long position ("Up Trade");
- our middle rate at which you purchase an option in respect of the Binary Options Trading.

The difference between the bid price and the ask price is known as the "spread".

12.2 The Market Information pages on the Website and the Trading Platform give indications of our typical spreads on most markets.

12.3 In producing our spread we may add the spread from regulated markets, systematic internalisers, MTFs and other third parties to our price.

12.4 We may increase our spread at any time with or without giving prior notice to you, for example where there is excessive volatility at venues from where we derive our prices. When you close a trade the spread may therefore be larger or smaller than the spread quoted when the trade was opened.

12.5 The following will apply to all markets in relation to our spread:

- prices are set by us in our absolute discretion;
- a price may change or cease to be valid at any time after it has been quoted and before your request to trade is accepted;

12.6 All trades are subject to acceptance by us. Our acceptance of a trade will be evidenced by our confirmation of its Terms to you. For further details see clause 13 (*Placing and Acceptance of Trades*) below.

### **13. Placing and Acceptance of Trades**

13.1 You can only place trades via our Trading Platform within our usual hours of trading which can be found in our Trading Details and Specifications pages on the Website. To place a trade on the Trading Platform, you are required to log-in and enter your Login ID (username) and password.

13.2 Prior to placing any trade, you must make sure that you understand: a) all the specifications, rules, terms and conditions of, and applicable to, the market in which you are trading; and b) the terms of the trade that you wish to place (the "Terms"). The details are available from the Trading Platform, our Website and our Trading Terms on the Website. When you offer to open a Binary Trade, you must always have sufficient funds in your Account to cover your maximum potential loss on the relevant Trade.

13.3 To place a trade, you must offer to either "Sell" (opening a Down Trade or short position) or "Buy" (opening an Up Trade or long position) at the current price. You may not reverse any offer to trade once we have accepted it.

13.4 Offers to trade and orders are accepted by a specific confirmation of the Terms from the Trading Platform.

13.5 We may decline any offer to trade. In particular, we may refuse to accept an offer to trade if:

- the proposed trade would or could breach our Agreement, the Regulatory System or any law;
- accepting the trade would be disadvantageous to us as a result of the price moving up or down during the time between you offering to trade and our acceptance of that offer (for example, in case of a bad tick (erroneous pricing data));
- your proposed trade is such a size (too big or too small) that we do not wish to accept it;
- any amount you owe to us is outstanding (for example a negative Balance in your trading account);
- any initial Margin requirement has not been met in relation to the trade;
- an Insolvency Event has occurred in relation to you;
- you die or become a patient of the Court (under the relevant mental health legislation) or we reasonably believe that either of those events have occurred;
- (acting reasonably) we think it is not commercially viable to accept your trade;
- we or our systems are affected by a Force Majeure Event;
- based on the information available to us, we do not consider it appropriate for you (though except as required under the Regulatory System, we are not obliged to decline an offer to trade in these circumstances).

- 13.6 All calls to our Customer Support may be recorded. You agree to the recording of such calls. An electronic trail of all client activity on the Trading Platform may be recorded. All information recorded may be used as evidence in the event of a dispute or used for training purposes.
- 13.7 Please note that in relation to your trade:
- if you trade with anyone else, this will not affect your trade with us;
  - we shall treat all trades as a Buy or Sell regardless of whether the trade has the effect of closing an existing position or opening a new position; and
  - we shall not check or have any regard to any assumption made or expressed by you as to the effect of any position you hold with us or anyone else.
- 13.8 For trades placed on the Trading Platform, we are under no obligation to establish the legality of the place from which you are trading; it is your sole responsibility to ascertain the legality of trading from whatever place you are trading from.
- 13.9 If you are unsure whether a trade or order has been accepted because communication via the Trading Platform has broken down or has been interrupted, you must notify us immediately to confirm the status of that trade or order.
- 13.10 You cannot place a trade, order or any other instruction by leaving a message on an answer phone or voicemail facility or via e-mail.

#### **14 Closure of Trades**

- 14.1 You may close a long position or Up Trade by selling at the bid (lower) price. You may close a short position or Down Trade by buying at the ask (higher) price.
- 14.2 Trades can normally be closed at any time during our normal trading hours (please refer to the Trading Details and Specifications pages on the Website for more details).
- 14.3 In certain market conditions, it may not be possible to close trades with sizeable market consideration in full at the normal price or at the price requested by you. Such a trade may be closed at a price that we determine to be reasonable in light of the prevailing market conditions.
- 14.4 If you hold more than one trade in the same market those trades will normally be closed out independently of each other and in the manner you have selected. However, this may not apply if we have agreed with you a different order in which your trades should be closed.

#### **15. Trading Confirmations**

- 15.1 You must keep yourself up to date and fully informed of all your trading positions, open trades and orders. The Trading Platform will give you full access to your open trades, working orders, recent trading history and your Balance. If you are unable to access the Trading Platform, you should notify us immediately by emailing [info@hirosecs.com](mailto:info@hirosecs.com) or by live chat (see clause 34 (*Communications*) for details of how to communicate with us). The sooner that you make us aware of any error or alleged error, the quicker we can investigate and rectify the problem.
- 15.2 Trading reports are available to download on the Trading Platform.

#### **16. Minimum Lots**

- 16.1 The lot size of any trade accepted is subject to our minimum levels and to the level of your Equity on the Trading Platform.

- 16.2 The minimum levels for the lot size of a trade are available from the Market Information on the Website and the Trading Platform.
- 16.3 You will not be able to place a trade if the lot size falls below our minimum level. We reserve the right in our absolute discretion to change minimum lot sizes for trades at any time. You must make sure that you are aware of the current levels for any applicable trade and that you have the necessary Equity available. You may obtain an indication of your Equity from the Trading Platform.

## **17. Margin**

- 17.1 Margin is due to us on each opening trade that you place and must be maintained in respect of all open positions. Margin requirements for all the currency pairs that we offer prices can be found in the Market Information on the Website and on the Trading Platform.
- 17.2 The margin calculation for LION Trader is based on the number of lots you wish to trade multiplied by the margin requirement (fixed value) for the relevant market, and the margin calculation for LION MetaTrader 4 is based on the specified percentage of the notional value of your opening trade.
- 17.3 Margin for Binary Trades shall be the maximum amount you may lose on the relevant trade.
- 17.4 You must ensure you are aware of how Margin is calculated for the proposed trade you wish to place. If you have any doubt over the Margin requirement for any trade, please contact our client services team (see clause 34 (*Communications*) for details of how to communicate with us).
- 17.5 Any open trades that you may have will be valued by reference to our prevailing quoted prices.
- 17.6 We may permit you to maintain opposing positions in the same market. However, we reserve the right to require sufficient funds to cover the Margin requirement of both long and short positions.
- 17.7 It is important for you to understand that whilst Margin is there to help both us and you control the level of trading on your Account, it does not in any way limit the possible losses that you may incur on your Account, which may exceed the amount of your investment.
- 17.8 You undertake to provide us with and maintain on your Account at all times sufficient cleared funds in order to meet the Margin requirement for your transactions. You agree that a failure to meet the Margin requirement at any time will result in the closing out of all your open positions without prior notice to you. This process is automatically triggered when the Equity available to you falls below the required Margin to keep a position open.

## **18. Negative Balance**

- 18.1 If you have a negative Balance on your account, the amount of the shortfall (i.e. the negative amount) will immediately become due from you to us.
- 18.2 Please note that the Negative Balance may not be the total extent of your financial liability to us, but simply the amount required to restore your Balance to zero or above. Under this Agreement, you are bound to pay in full any losses you may suffer and any other associated payments due to us immediately, and in any event by 5pm the Business Day following the day on which they become due or the date of our demand (whichever is earlier).
- 18.3 It is your responsibility to closely monitor your Account and to ensure that there are always sufficient funds available in your Account.

## **19. Closure Events**

- 19.1 We may in addition or as an alternative to our rights under clause 36, close any or all of your open positions on the basis of the current or next available price if any of the following events occur:
- If the Equity available to you falls below the required Margin to keep a position open.
  - If you have failed to make any Margin payment within the time demanded or at all.
  - if we consider, in our reasonable opinion, that you are unlikely to meet any Margin payment or any other payment when it becomes due;
  - if any type of payment made by you to us is subsequently dishonoured or not met on first presentation;
  - if we consider, in our absolute discretion, that you have materially breached any of the clauses set out in this Agreement; or
- 19.2 We will use reasonable efforts to inform you that your positions have been closed. We will not, subject to clause 36, be liable for any direct or indirect loss, including loss of profits, suffered by you as a result of us exercising our rights under this clause.

## **20. Client Money, Currency, Interest on Late Payments, Costs and Commissions**

- 20.1 In relation to funds held on behalf of or received from you for the purpose of trading with us, we shall hold your money in a segregated pooled client account and such monies shall at no time be mixed with the general assets of ours. Your monies shall be readily identified at any time. In this regard, our withdrawal policy is that any withdrawal of your money shall be completed within three (3) working days from the date of your withdrawal request.
- 20.2 We shall maintain proper record of the client's monies accounts. The balance of client's monies accounts shall be reconciled with our internal records and clients' records on a monthly basis so as to ensure accuracy and consistency.
- 20.3 Your monies shall not be available for the payment of debts of ours or liable to be paid or taken in execution under an order of process of court for payment of the debt of ours.
- 20.4 We will transfer and hold clients' funds in the segregated account, which it requires to maintain your open positions. During this period you will have no legal claim over these funds and in the unlikely event of the firm's insolvency you will have no rights or claims to this money. Client funds held by us will no longer be deemed client money when that money becomes owed to us by the closing of a trade that results in a loss.

- 20.5 We will not pay interest on the funds we have received from you.
- 20.6 If you deposit funds in a currency other than your Base Currency, we shall pass on any charges that we have incurred in converting such funds into your Base Currency. Where we convert currency, we shall use a rate determined by us and agreed with you.
- 20.7 If you fail to pay on time any amount you owe to us, we reserve the right to charge you interest. The rate of interest charged will be 2% above the base rate of a Tier 1 bank from time to time. The interest will be charged until you have paid the amount in full. You will be charged such interest before and after any judgment.
- 20.8 You must pay to us any and all costs and expenses that we reasonably pay or incur: a) because you fail to pay funds due to us on time; or b) in enforcing our rights against you.
- 20.9 We may debit any expenses, costs and interest mentioned above from your cash Balance if they are deemed by us in our reasonable discretion to be debts owed to us.
- 20.10 You agree that, in the event that there has been no movement on your Account balance for a period of at least six years (notwithstanding any payments or receipts of charges or similar items) and we are unable to trace you and return your Account balance to you, despite having taken all reasonable steps to do so (including writing to you at your last known address), we may cease to treat your money as client money and accordingly release any client money balances or money from the segregated Account. However, if at any point after this time, you ask us to return your Account balance to you, we will do so if your Account balance is in credit.
- 20.11 We may pay or receive remuneration (in the form of a fee, commission or non-monetary benefit) from certain third parties in respect of any transactions or other services carried out on your behalf. We will not pay or receive such fees or remuneration to or from any third party unless we are satisfied that doing so will not impair compliance with any applicable law or the Regulatory System and we will provide you with a summary of the essential terms of such arrangements as and when they arise. Where required pursuant to any applicable law or the Regulatory System, we will provide further details of any such fees or remuneration to you upon your written request.

## **21. Orders**

- 21.1 We will accept instructions or orders from you to open or close a trade when our quote reaches or trades through your chosen level. Please refer to the Trading Terms on the Website, the Trading Platform, or our client service team to identify the nature of our orders and those markets (if any) where orders are not accepted. Please note that orders are not available for Binary trades.
- 21.2 The following rules apply to orders:
- orders should be placed over the Trading Platform under normal circumstances. We will generally not accept any orders from any other medium;
  - under no circumstances will orders be accepted from any other medium;
  - we can refuse to place an order;
  - all orders are based on our quote and are deemed to be Good till Cancelled (“GTC”).
  - we shall only accept, monitor and execute orders during our usual trading hours for the relevant market (details of which are set out on the Trading Details and Specifications on the Website);

- all orders must be at price levels and on other terms acceptable to us (acting reasonably);
- the price level at which orders are executed is NOT guaranteed;
- it is your sole responsibility for cancelling orders that you have placed and unless you do so, orders may be executed which could cause liability for you;
- Orders exceeding a maximum lot size as stipulated by us or determined in accordance with market conditions will not be executed by Hirose;
- unless we agree otherwise, orders will not be attached to a specific trade or another order but are instructions to open or close a trade regardless of whether the trade has the effect of opening a new trade or closing an existing trade;
- all Terms that relate to opening and closing a trade have to be complied with both on placing an order (as if you were placing a trade) and on its execution and we can refuse to execute or accept an order if the relevant Terms are not complied with;
- an order will not be filled if you have insufficient funds on your Account to execute the full order.

## **22. Types of Orders**

### **22.1 Market Order**

A Market Order is an instruction to buy or sell a currency pair at the market bid or offer price. When you place a Market Order, that order is released to the marketplace and fulfilled at the market bid or offer price. As long as there are interested buyers and sellers, a Market Order is usually fulfilled. However, Market Orders provide no price protection and (because filling a Market Order can take some time) they may fill at a price far lower/higher than the rate that was displayed when you placed the order. This is especially true in a rapidly moving market.

### **22.2 Limit Order (Take Profit Order) & Entry Limit Order**

A Limit Order (Entry Limit Order) is an instruction to buy or sell at a specified price that is more favourable than our current quote. When the limit price is reached, the limit order is executed at the specified price.

### **22.3 Entry Stop Order**

An Entry Stop Order is an instruction to trade if a specific price (which is less favourable than our current quote) is reached. When the stop price is reached, an entry stop order becomes a market order (An order to buy or sell at the current market price.).

### **22.4 Stop Order (Stop Loss Order)**

A Stop Order is an instruction to trade once a specified price is reached. A Sell Stop Order is always below our current quote and a Buy Stop Order is always above our current quote. The intention of a Stop Order is to limit the liability of the trade. When the stop price is reached, a stop order becomes a market order (An order to buy or sell at the current market price.).

### **22.5 Trailing Stop Order**

A sell trailing stop order sets the stop price at a fixed amount below the market price with an attached "trailing" amount. As the market price rises, the stop price rises by the trail amount, but if the price falls, the stop loss price doesn't change, and a market order (An order to buy

or sell at the current market price.) is submitted when the stop price is reached. A buy trailing stop order is the mirror image of a sell trailing stop order.

#### 22.6 One Cancels the Other

One Cancels the Other order is a combination of a Limit Order and a Stop Order such that whichever order is executed first the other order is then cancelled. These orders can be attached to an existing open position to either limit liability or provide for profit taking, and can also be used as an opening order.

### 23. Execution of Orders

#### 23.1 The following applies in relation to execution of orders:

- orders will be executed by us as soon as we are reasonably able to do so;
- orders will only be executed during trading hours applicable to the relevant market to which your trade relates (details of which are set out in the Trading Details and Specifications on the Website) or those hours stipulated by us;
- orders will be executed at the first reasonable price available to us, on the basis of our quote (for example if the applicable market opens or trades through the level of your order, this may create a situation where the order will be subject to Gapping, so that a Stop Order may be filled at a worse level than the original level of the order);
- unless we have agreed otherwise, no orders will be monitored or worked outside of our usual trading hours (details of which are set out on the Trading Details and Specifications on the Website);
- if a price has traded through your specified order level while outside of our normal trading hours but has reverted back so your order level has not been reached, your order will remain active;

23.2 We are not obliged to contact you once an order has been filled, except through the contract notes, confirmations and statements referred to in clause 15 (*Trading Confirmations and Periodic Statements*).

23.3 Any updates on or additions or revisions to the types of orders that we accept may be communicated to you through Trading Terms on the Website, the Trading Platform or newsletters or bulletins.

23.4 It is your responsibility to ensure there is sufficient Equity in your Account for any order you have placed. We will not be liable for any direct or indirect losses you may incur where an order has not been executed for any reason, including situations where you have insufficient funds in your Account. We reserve the right to refuse any order that would put your Equity into a negative position.

23.5 You acknowledge that we may place trades with our wholly owned parent company Hirose Tusyo Inc.

### 24. Rolling Trades

24.1 All our currency pairs excluding Binary are Rolling Trades. Relevant information can be found from the Rollover Financing on the Website and the Trading Platform.

- 24.3 Rolling Trades have the following characteristics:
- they do not have an Expiry Date;
  - a trade will roll from one Business Day to the next Business Day;
  - each market has its own conditions and spread; and
  - the spread may vary at our discretion.
- 24.4 A daily financing charge (or credit) will be applied to your Account for all Rolling Trades if you are holding such position at 5pm (EST). This may change due to public holidays or other events and we will endeavour to notify you of any changes via our Website. Please refer to the Trading Platform for financing rates applicable to Rolling Trades.
- 24.5 We may change the method of calculating finance charges and the type of trades that are subject to a finance charge. Any such change will apply to existing positions and to any new trades that are opened. On such occasion, we shall give you notice (acting reasonably) of the change if we consider that it materially affects your positions.

## **25. Profit and Loss**

- 25.1 You will have made a profit if the price at which you sold (whether you opened or closed the trade) (less our charges and costs) exceeded the price at which you bought (whether you opened or closed the trade).
- 25.2 You will have made a loss if the price at which you sold (whether you opened or closed the trade) was less than the price at which you bought (whether you opened or closed the trade).
- 25.3 Profits will be credited to your Account.
- 25.4 Realised losses will be debited from your Cash Balance.
- 25.5 Unrealised profit or loss will not be credited/debited to/from your Cash Balance. Any unrealised profit may not be withdrawn until the relevant trade is closed.

- 26.2 We may set off either or both of the amounts stated below:
- any amount that is payable by us to you including cash (if there is a credit balance on your Account) and any profit from open or unrealised trades; and
  - your cash (if there is a debit balance on your Account) and any liabilities that you may have towards us including any loss from open or unrealised trades, losses, interest, costs and expenses.

- 26.3 If we, in our absolute discretion, choose to exercise our set-off rights listed in this clause all payment obligations will be consolidated into a single payment for us to pay a net sum to you or for you to pay a net sum to us, regardless of the currency of the Account.

## **28. Errors and Manifest Errors**

28.1 In order for a trade confirmation to be valid, it must accurately reflect the relevant transaction struck on the Trading Platform or over the phone. Erroneous trade confirmations will not affect the validity of the transaction and will not entitle you to enforce whatever is inaccurately recorded in the trade confirmation.

28.2 The term “Manifest Error” applies to any error, omission or misquote (including any misquote by a dealer) which by fault of either you, us or any third party is clearly manifest, when taking into account the market conditions and available quotes that prevailed at that time.

28.3 Sometimes, incorrect prices may be mistakenly quoted to Clients, or a trade may be based on a Manifest Error in relation to some other factor, whether it be due to human error or as a result of a technical problem. Similarly, a trade may be based on a Manifest Error as to some other factor, including date, time, market, currency or currency pair. If we quote an incorrect price to you and you place a trade with us on the basis of that quote or we enter into a trade based on a Manifest Error as to some other factor the provisions below will apply:

A quoted price will be deemed to be a Manifest Error if it is materially different from the price that we would normally have quoted at the time when you requested it, having regard to the nature and size of the trade, to our pricing policy in operation at the time and to the state of the relevant market.

We may, acting reasonably, in relation to a trade based on a Manifest Error as to price or some other factor, at any time:

- void or delete the trade;
- close the trade on the basis of our then current prices; or
- amend the trade to a level that we deem reasonable given the absence of the Manifest Error,

We will take into account all the information from the situation including the market conditions at the time of the error and your level of expertise. To the extent that it is practicable to do so, we will give you prior notice of any action we intend to take. We bear no responsibility or liability for transactions that you have entered into with third parties relating to the relevant

trade, even if you may suffer loss as a result. In the absence of our fraud, wilful default or negligence, we shall not be liable for losses (or potential losses) suffered by you as a result of us voiding, closing or amending a trade reasonably deemed to be a Manifest Error.
